Kentucky Lean Tour with Mike Hoseus

Mike is executive director for the Center for Quality People & Organizations (CQPO), an organization developed in 1999 as a vision of Toyota Motor Manufacturing.

The Kentucky Lean Tour is a three-day experience guided by Mike Hoseus, co-author of *Toyota Culture: The Heart and Soul of the Toyota Way*. Mike was a corporate leader for 13 years at Toyota Motor Manufacturing's Georgetown, Kentucky plant, both in Human Resources and Manufacturing.

The group will tour three manufacturing facilities in the Lexington, KY area to explore best practice Lean leadership. With Mike's leadership, the group will observe each company's culture of continuous improvement and leadership development programs. Tour members will create tangible action plans on how to take their own Lean programs to the next level.
